Tax season is here and we can save you money!

Many people are unaware that the VLT (vehicle license tax) paid on your vehicle is

TAX DEDUCTIBLE.

FooteWork now offers a VLT expense report for all vehicles under your personal name, business or other entity that will show how much tax you've paid in the previous tax year.

Just give us a call and we'll be happy to run the report for you. Your potential tax savings is well worth the small cost of this report.

We can REMOVE your Mandatory Insurance Suspension

so you can get back on the road!

If you or anyone you know has a lapsed insurance code on a vehicle record, FooteWork is the first MVD provider, in addition to the MVD office, who can remove the suspension code to get you back on the road fast. We can also work directly with your insurance company to take the pain out of the process. Call or stop by one of our convenient locations, and we'll explain how we can help you.
